

EXHIBITION AREAS AND HALL LAYOUTS

Exhibitors are thematically grouped together in order to ensure that visitors can easily find their way around the various themed areas. The fantasy section is located in Hall 3 together with the area for children and teenagers – adjacent to Manga-Comic-Con in Hall 1 and 3. The local integration of these themes makes it possible to present the world of literature to children and young people in a more comprehensive way, thus strategically investing in the promotion of reading.

Hall 2 showcases the exhibition areas specialist books & science, fiction and non-fiction, religion, book art and graphic design, travel literature, audiobooks and education. Particularly for exhibitors of books on specialist subjects, this offers an ideal connection to the Congress Center Leipzig, where numerous professional events will be taking place. Fiction and non-fiction as well as media, newspapers and magazines will be located in various themed areas in Halls 2, 4 and 5.

Hall 4 will also accommodate international themes and music. Visitors in Hall 5 will discover art books, non-books, service providers for publishers and bookstores, as well as autooren@leipzig.

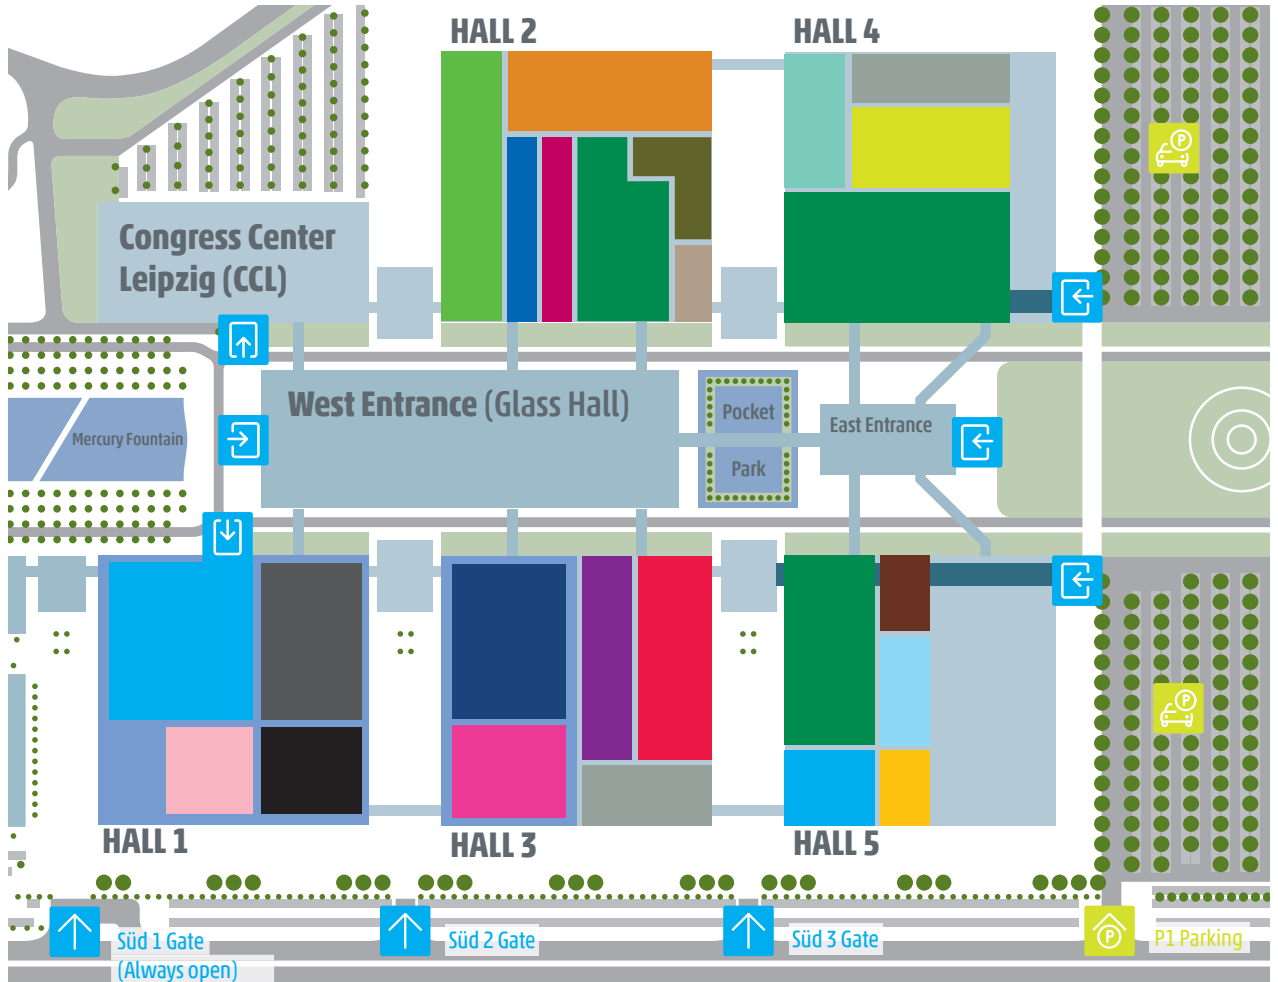

Stands will be allocated to exhibitors according to the time of registration, as well as the available space, the exhibitor's needs and the possible options. Depending on the number of registrations, we will plan the hall layout and structure the exhibition areas at our own discretion. We plan to announce the stand numbers in early January.
