

# COMPLETE STAND PACKAGES

Leipzig Book Fair offers its exhibitors complete stands (stand rental incl. stand construction) in various packages. Our stand constructor, FAIRNET GmbH, takes care of the complete stand construction. All you have to do is set up or decorate your stand. Below you will find a comparison of the various complete stand packages.

More detailed information on the stand construction options and calculation examples can be found on our website at: [www.leipziger-buchmesse.de/standoptions](http://www.leipziger-buchmesse.de/standoptions). Further explanations can also be found in our Special Conditions of Participation under point 1.7 "Stand allocation and stand construction". Depending on our possibilities in hall planning and your wishes, stands can be arranged as row, corner, end or block stands.

## Row stand

## Corner stand
